Teaching and Learning

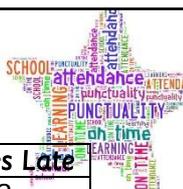

Mathematics is a creative and highly interconnected discipline that has been developed over centuries, providing the solution to some of history's most intriguing problems. It is essential to everyday life, critical to science, technology and engineering, and necessary for financial literacy and most forms of employment. A high quality mathematics education therefore provides a foundation for understanding the world, the ability to reason mathematically, an appreciation of the beauty and power of mathematics, and a sense of enjoyment and curiosity about the subject.

At Pinehurst we use Maths No Problem to support our teaching of Maths. Ask your child to share with you what they have been learning in Maths this week.

Well done Reception, a fantastic first full week in school.

Reminder, please drop your child at the gate in the mornings and pass on messages to the staff on the gate. If you would like to speak with your child's class teacher they are always available at the end of the day.

Thank you for your understanding.

On Friday 27th September we will be holding a Coffee Morning in aid of Macmillan Cancer Support.

The Coffee Morning will take place in the lower hall between 9.15am and 11.00am. If you can, please come a long and join us in supporting this worthy cause.

Pupil Premium

If your child is eligible for free school meals, they may also be entitled to a sum of money paid to their school to boost their learning, this is called pupil premium. Although all Infant children receive a free school meal under a Government scheme it is still important that you register for Free School Meals so school can access this additional funding. This is also the case if your child is in any year group and choosing a packed lunch.

You are eligible if your family income is under £7400 (net) per year. If you may be eligible please visit the school office in confidence.
